

Lower costs, increase load capacity, rust free and built to last a lifetime

Eco-Mova is revolutionising the trailer industry with lightweight, rust-free trailers crafted from durable aircraft-grade aluminium alloys and composites. Featuring oil-filled hubs for easy inspection, they are engineered for effortless handling, increased load capacity, and up to 20% fuel savings, all while reducing emissions.

Off-road Series

The Off-Road Series is a versatile, high-clearance single-axle trailer designed for rugged terrains like mountains and bogs, handling up to 900kg. It can carry 3 round bales or a 500kg pallet. It easily switches to road use with an adapter. Ideal for transporting equipment, feed, or small livestock, it includes an Aero-Top for weather protection and security.

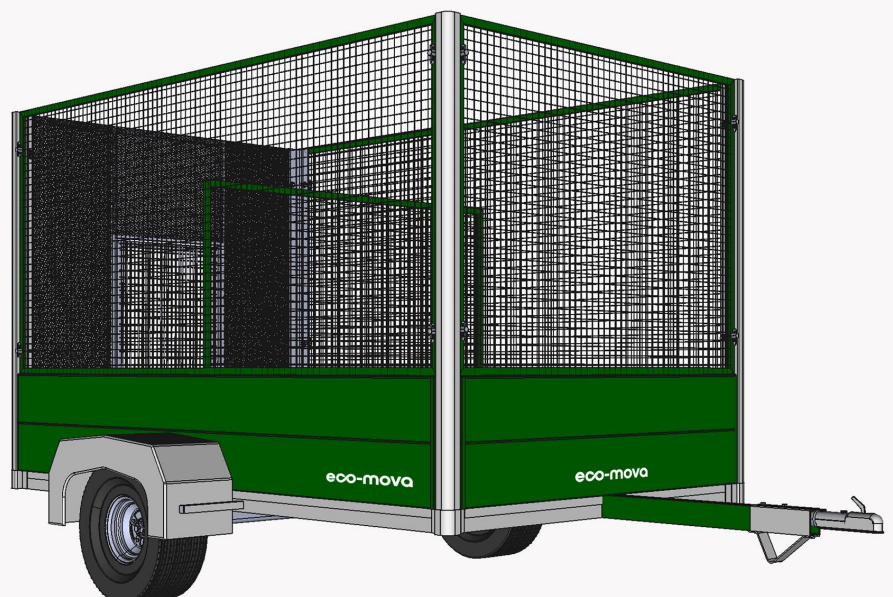

Load Capacity	Up to 900kg
Trailer Weight	80kg - 150kg
Gross Vehicle Weight	1000kg
Overall Length	Selectable, 1.2m to 1.8m
Width	Selectable, 1.2m to 2m
Bed Length	Selectable, 1.2m to 1.8m
Tyres	Super-soft balloon or 13" road
Suspension	Stainless alloy torsion arm
Category	Off-road, bogs, mountains
Comes With	Spare wheel, ramps, LED lights front, side & rear in protected casings

One Series

The One Series is a durable, single-axle road trailer built for durability and ease of use. with a 680kg load capacity, capable of carrying 4 round bales or 2 pallets. Lightweight with selectable bed length and width, it's versatile for various tasks. It includes ramps for vehicle transport and an Aero-Top for security and fuel efficiency.

Load Capacity	Up to 680kg
Trailer Weight	100kg - 150kg
Gross Vehicle Weight	750kg
Overall Length	Selectable, 1.2m to 2.5m
Width	Selectable, 1.2m to 2.3m
Bed Length	Selectable, 1.2m to 2.5m
Tyres	13" road
Suspension	Stainless alloy torsion arm
Category	Road trailer to RSAI approval
Comes With	Spare wheel, ramps, LED lights front, side & rear in protected casings

Two Series

The Two Series is a heavy-duty dual-axle road trailer with a 2500kg load capacity. Weighing from 300kg, it features corrosion-free materials, dual disk brakes, and selectable bed dimensions. It can carry 10 round bales, 8 pallets, or vehicles like cars and small diggers. It includes ramps and an Aero-Top for secure, weatherproof transport, making it ideal for farming and construction

Load Capacity	Up to 2500kg
Trailer Weight	300kg + based on configuration
Gross Vehicle Weight	750kg to 3000Kg
Overall Length	Selectable, 1.5m to 5m
Width	Selectable, 1.2m to 2.5m
Bed Length	Selectable, 1.2m to 1.8m
Tyres	13" road
Axles & brakes	Dual axles, dual disk brakes
Suspension	Stainless alloy torsion arm
Category	Road trailer to EC approval
Comes With	Spare wheel, ramps, LED lights front, side & rear in protected casings

Three Series

The Three Series is a triple-axle trailer with a 3000kg load capacity, ideal for heavy-duty tasks. Weighing from 400kg, it features corrosion-free materials, triple disk brakes, and can carry 20 round bales or 12 pallets. With an extendable bed length of up to 7m, it accommodates large machinery like diggers. It includes an Aero-Top for fuel efficiency and weather protection, perfect for large-scale operations.

Load Capacity	Up to 3000kg
Trailer Weight	400kg + based on configuration
Gross Vehicle Weight	Up to 3500Kg
Overall Length	Selectable, 4m to 10m
Width	Selectable, 1.5m to 2.7m
Bed Length	7m plus extendable drawbar (12m loads)
Tyres	13" road
Axles & brakes	Triple axles, triple disk brakes
Suspension	Stainless alloy torsion arm
Category	Road trailer to EC approval
Comes With	Spare wheel, ramps, LED lights front, side & rear in protected casings

Eco-mova

Based in Achill, Co. Mayo, Eco-Mova designs and builds trailers locally, testing them in the challenging conditions of the West of Ireland. Built to handle tough tasks like hauling turf and farm work, these trailers deliver top performance. Made from durable, rust-free materials, Eco-Mova trailers offer low maintenance and up to 20% fuel savings, providing a lifetime of eco-friendly reliability for modern vehicles.

How to order

You can pre-order your Eco-Mova trailer with a €100 deposit. Each trailer is built to order, with an 8-week lead time. Call Rory on 098 37742 to discuss which trailer best suits your needs and place your order.
